

RILWAN P R

Software Engineer

+971 581027878 | rilwanpr@gmail.com | LinkedIn | GitHub | Portfolio

Dubai, UAE

SUMMARY

Innovative Software Engineer with strong experience in full-stack development, JavaScript, TypeScript, Python and modern web frameworks. Skilled in React.js, Next.js, Node.js, Nest.js, Angular, React Native, WordPress (API-based development), and SEO optimization. Adept at delivering high-performance systems, implementing secure architectures, and ensuring seamless deployment workflows using CI/CD and DevOps best practices.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, TypeScript, Python, SQL, Java, C
- **Frontend:** React.js, Next.js, React Native, Angular, Redux, HTML5, CSS3, Tailwind CSS, Bootstrap, Material-UI, Ant Design
- **Backend:** Node.js, Express.js, NestJS, MongoDB, PostgreSQL, MySQL
- **CMS & Web Platforms:** WordPress (API-based development, custom modules), SEO Optimization
- **DevOps & Deployment:** CI/CD Pipelines, AWS (EC2, S3), Nginx, Vercel, Render, Hostinger VPS
- **Tools & Libraries:** Git, GitHub, Webpack, Babel, Postman, Multer, Nodemailer, Axios, Socket.IO, Formik
- **Key Integrations:** JWT, Jitsi, Razorpay, Cloudinary
- **Other Knowledge:** Data Structures & Algorithms, Firebase

WORK EXPERIENCE

• Auxzon Pvt Ltd

April 2024 - March 2025

Software Engineer

Kerala, India

- Built and maintained full-stack applications using React.js, Next.js, Node.js, NestJS, and MongoDB, ensuring high performance and scalability.
- Implemented secure RESTful APIs with Express.js and NestJS, including JWT authentication and optimized backend services.
- Enhanced UI/UX using React.js, Next.js, Material-UI, Tailwind CSS, and integrated SEO improvements for better search visibility.
- Set up CI/CD workflows for automated deployment and smoother update cycles on Hostinger VPS and AWS.
- Worked with PostgreSQL and SQL for structured data handling, reporting, and performance-optimized queries.
- Contributed to cross-platform development using React Native and Angular, and integrated WordPress modules with API-based communication.
- Collaborated in an Agile team using Git workflows, code reviews, and efficient project communication to deliver features on time.

PROJECTS

Skywards: College Management System

Frontend | Backend | Live

Skywards is a versatile College Management System that streamlines administrative processes while enhancing communication and learning experiences for students and teachers. Its real-time features and secure access promote an efficient educational environment.

- Tech Stack: **React, NestJS, MongoDB, TypeScript, Redux, Material-UI, Ant Design, Axios, Socket.IO, JWT, Formik, Tailwind CSS, AWS S3**
- Implemented robust **authentication** with **JWT** and **refresh tokens**, ensuring secure access for students, teachers, and admins.
- Integrated **Jitsi** for seamless video conferencing, enhancing remote learning capabilities.
- Developed a sophisticated attendance tracking system with teacher-led attendance taking and MCQ assessments for comprehensive student evaluation.
- Utilized **AWS S3** for scalable image storage and **Nodemailer** for automated email notifications, streamlining communication processes.
- Optimized performance with **custom React hooks** and employed **TypeScript** for enhanced type safety and code reliability.

Furniture E-Commerce Platform

 [GitHub](#)  [Live](#)

The Furniture E-Commerce Platform provides users with an intuitive online shopping experience, featuring dynamic displays and secure transactions. It enhances customer engagement through personalized features, backed by robust analytics for sellers.

- Tech Stack: **Node.js, MongoDB, EJS, MVC Architecture, AWS**
- Architected a scalable e-commerce platform with dynamic product displays and personalized shopping experiences.
- Implemented **secure payment gateways Razorpay** and a comprehensive admin dashboard for real-time sales tracking and analytics.
- Leveraged AWS for deployment, ensuring high availability and scalability to support growing user base and product catalog.

MINI PROJECTS

• Blogger: Content Management Platform

React.js, TypeScript, Node.js, Express.js, Ant Design, Tailwind CSS, Redux, Axios
Render, Vercel, Cloudinary

 [Frontend](#) | [Backend](#)  [Live](#)

- Built a full-featured blogging platform with **CRUD operations** and secure **JWT authentication** for user access.
- Integrated **Cloudinary** for efficient image storage and retrieval, optimizing media handling.
- Employed **Redux Persist** to maintain user session state, enhancing the user experience.

• Netflix Clone: Streaming Platform

React.js, Firebase, REST API, Tailwind

 [GitHub](#)

- Developed a responsive UI with **Tailwind CSS** for an intuitive movie browsing experience.
- Integrated **Firebase** for user authentication and real-time data syncing of user profiles and watchlists.
- Implemented efficient state management for personalized movie recommendations and seamless UI updates.

• OLX Clone: Online Marketplace

React.js, Context API, Firebase, REST API

 [GitHub](#)

- Created an **intuitive product listing interface** with advanced filtering options for enhanced user experience.
- Utilized **Firebase** for secure user authentication and **Context API** for efficient global state management.
- Implemented real-time updates and image upload functionality for seamless product posting and browsing.

SOFT SKILLS

- **Communication:** Excellent written and verbal skills; adept at presenting complex technical concepts clearly.
- **Problem Solving:** Strong analytical thinking with a knack for creative and efficient solutions to technical challenges.
- **Team Collaboration:** Experienced in cross-functional teamwork, fostering a positive and productive work environment.
- **Time Management:** Skilled in prioritizing tasks and managing multiple projects simultaneously to meet deadlines.
- **Adaptability:** Quick learner with rapid technological changes and new development frameworks.
- **Attention to Detail:** Meticulous approach to coding and debugging, ensuring high-quality, error-free deliverables.
- **Project Management:** Proficient in planning, risk assessment, and resource allocation for successful project execution.
- **Customer Focus:** Strong empathy and ability to translate client requirements into technical solutions effectively.
- **Innovation:** Passionate about exploring new technologies and implementing creative solutions to improve processes.
- **Continuous Learning:** Committed to staying updated with the latest industry trends and expanding skillset regularly.

EDUCATION

• Brototype

Full Stack Development - MERN

April 2023 – March 2024
Calicut, Kerala (India)

• Wisdom College

Bachelor of Commerce Computer Application (BCom CA)
Graduated from Bharathiar University

2020 – 2023
Thrissur, Kerala (India)
